Kojamo Plc

Table of contents

1. Kojamo is achieving growth in line with its strategy and boldly renewing housing
2. Key figures for the review period
3. Operating environment
4. Business operations and strategy progress
5. Outlook 2018

New construction thrives and housing services develop rapidly

Our strong renewal continued in real estate business

- We increased the number of Lumo apartments mainly by building new properties, and began to develop the Lumo brand into a frontrunner in urban housing.
- We launched significant new construction and conversion projects in growth centres and divested non-strategic apartments. To increase the supply of urban housing, we acquired the value properties previously used by the Metropolia University of Applied Sciences. Our goal is to refine them to modern city apartments in the best locations.
- At the end of the year our property portfolio totaled to 34,383, of which 95 per cent is situated in the seven biggest cities in Finland. There were 1,525 rental apartments under construction, mainly in Helsinki metropolitan area.
- To meet our growth targets, we continued to diversify and strengthen our financing base. Our public credit rating (Moody's Baa2 with a stable outlook) and the EUR 500 million bond listed on the Irish Stock Exchange support our goal of investing in Lumo homes in urbanising Finland.

The best customer experience and service development in housing at the heart of better urban living

- We developed new and existing services, including Lumotalkkarit property caretakers, Pihakoutsu sports services and Lumo car sharing service. We strengthened the role of property managers in building a housing experience.
- The Lumo webshop grew strongly and has already made 4,000 leases. All new and vacant Lumo apartments are available for rent on Lumo online store 24 hours a day
- We launched the Lumo brand as an open service development platform and we invited companies at different growth stages to develop residential services together with us.

We are strongly focusing on market-based operations

In five years, we have invested EUR 1.7 billion in the Lumo business operations in Finland

Apartments, pcs

Key Figures 2017

- Gross investments amounted to EUR 367.3 (696.0) million
- Total revenue totalled EUR 337.0 (351.5) million. Total revenue is generated entirely by rental income. Total revenue decreased due to the divestments of 1,603 non-strategic rental apartments in 2017 and 9,011 apartments in 2016.
- Net rental income was 216.0 (222.0) million.
- The rental occupancy rate was 96.7 (97.4) %.
- Customer satisfaction index (net promoter score, NPS) was 33 (29).
- The Group had a total of 34,383 (34,974) rental apartments and approximately 4% (4%) market share.
- At the end of the year, there were 1,525 (1,536) rental apartments under construction.
- We divested 1,603 (9,011) to support our strategic property development objectives.
- Over 4,000 tenancy agreements already signed via Lumo web store.

Business operations and strategy progress

The divestment of non-strategic properties affected the total revenue

Equity ratio of the Lumo business, %	41.2	40.0
Net promoter score	33	40

Industry operating environment and outlook 2018

Industry operating environment

- Driven by migration, the demand for rental housing is expected to remain strong in major growth centres. Supply has grown significantly, which is reflected in increasing tenant turnover in particular.
- According to a forecast by Pellervo Economic Research, the increase in rents will continue in growth centres, but it will become more moderate.
- According to Statistics Finland, apartment prices rose during the financial year compared to the year before. The rise was fastest in the Helsinki Metropolitan region. Outside of growth centres, prices have decreased in the past few years. The increase in the Helsinki Metropolitan region is attributable to the high demand for apartments and the low supply of plots.

Outlook for 2018

- Kojamo estimates that in 2018, net rental income will amount to EUR 219–232 million.
- Investments in new development and housing stock acquisitions are forecast to exceed EUR 300 million.
- Kojamo estimates that in 2018, its operative result will be EUR 101–113 million.
- The outlook takes into account the effects of the housing divestments and acquisitions planned for 2018, the estimated occupancy rate and the number of apartments under construction.

Appendices

Better urban housing for everyone

Kojamo's vision is to be the property market frontrunner and the number one choice for customers who value better urban housing. With our Lumo brand, we are transforming Finnish rental housing and making it more attractive.

We operate in the seven main urban regions of Finland, responding to increasing housing demand in urbanising Finland.

At the end of the review period, Kojamo Group owned 34,383 (34,974) rental apartments. The fair value of Kojamo's investment properties at the end of the review period was EUR 4.7 (4.3) billion.

Kojamo's strategy

Megatrends

Urbanisation & internationalisation

Ageing population & smaller family sizes

New technologies & digitalisation

Individuality & sense of community

Environment & sustainable development

Mission

We create better urban housing.

Vision 2021

We are the property market frontrunner and the number one choice for our customers.

Strategic focal points

- ▶ Delivering the best customer experience
- ▶ Generating long-term shareholder value
- ▶ Leading on sustainable development
- ▶ Dynamic and professional place to work

Values

Happy to serve

Strive for success

Courage to change

The focus of our operations is on the seven main urban regions of Finland

Distribution of apartments

Helsinki region 19,116	Tampere region 4,697

Over EUR 104 million in paid taxes and an indirect employment effect of 6,971 years in Finland

Group's tax footprint in 2017

- Income taxes
- Property taxes
- Transfer taxes
- Employment payments
- VAT non-deductible included in investments
- VAT non-deductible included in other procurements
- VAT remitted
- Withholdings from salaries

Indirect employment effect in person-years **6,971.**

Responsibility is part of our operations

- According to the Personnel Satisfaction Survey, the satisfaction of Kojamo's employees is in AAA category, significantly better than the level in the industry. We received the most prestigious jobs in Finland 2017 award, and placed first in the Responsible Summer Job campaign in 2017 in large companies' league.
- The anti-grey economy models used by Kojamo exceed legislative requirements in many respects.
- Kojamo's estimated taxes and similar charges in 2017 amount to approximately EUR 104 million.
- Our climate and environmental management is goal-oriented. We are the Climate Partner of the City of Helsinki and the only Finnish real estate company in the Climate Leadership Coalition. Our largest offices are WWF's Green Office Certified.
- Kojamo joined the Rental Property Energy Efficiency Agreement (VAETS II) after reaching the targets of the plan that ended in 2016. Under the new agreement period that started in 2017, we pursue energy savings of 7.5 per cent by 2025.
- We follow the principles of sustainable development in our property portfolio. The energy monitoring and control covers all real estate. The advanced Leanheat system is in use at the 64 Lumo House and we are developing a new energy efficient residential building in the Kalasatama area in the SunZeb project in Helsinki. We provide our residents with services based on sharing economy, for example, sharing cars nationwide.
